

April 25, 2019

Strategic Learning Centre provides comprehensive educational services both on the island of Montreal and beyond. We offer a variety of programs to address the individual learning needs of students including brain training programs that change the way children learn, remedial programs that give them a strong foundation in basic skills, and tutoring with a unique and personal approach.

Are any of your children applying to an English high school? We can help them improve their proficiency in the English language. The preparation program will consist of five two-hour workshops offered prior to entering grade 6 or 7 in the fall. The workshops will be held at Strategic Learning Centre and will run on the following dates this spring from 9:30-11:30:

Saturday, May 11  
Saturday, May 25  
Saturday, June 1  
Saturday, June 8  
Saturday, June 15

This preparation program was created to help children improve their expressive English writing skills before entering high school. Some of the topics that will be covered include:

- Generating ideas
- The process of writing paragraphs
- Achieving coherence
- Improving writing by revising for consistency, sentence variety, and language awareness
- Developing descriptive, illustrative, narrative, contrast and comparison, persuasive paragraphs, and more
- The process of writing essays
- Reviewing the basics: simple sentences, conjunctions, adverbs, avoiding sentence errors, present and past tense, nouns, pronouns, adjectives, apostrophes, commas, and mechanics
- Spelling and vocabulary

Space is limited. Registration is on a first come, first serve basis and must be made by May 6, 2019. The cost of this workshop is \$500.00. Please note that this workshop is offered only in English. We feel that we are able to offer a comprehensive approach that will help prepare your child for high school.

With kind regards,

David Schipper, B.A., B.Ed.  
Director, Strategic Learning Centre
